

ARKANSAS

Park Operational Base Summary: The table below shows the annual park operating base for all parks within this state. Park operational base funds are supplemented by as yet undetermined amounts of project funding from regional or servicewide-managed programs, such as cyclic maintenance, the Natural Resources Preservation Program, and the Drug Enforcement Program.

If a park is in more than one state, the park is included in each of the appropriate state tables. The full operating base is shown; no attempt has been made to split the park operating base amount between two or more states.

Congr	FY 2000	FY 2001	FY 2002	FY 2002	
<u>Distr Park Units</u>	<u>Enacted</u>	<u>Enacted</u>	<u>Uncontrol</u>	<u>Program</u>	<u>FY 2002</u>

02 Little Rock Central					
High School NHS	75,000	297,000	1,000	0	298,000
03 Pea Ridge NMP	638,000	650,000	13,000	0	663,000

The table does not include programs from other appropriations such as General Management Plans, Land Acquisition, Line Item Construction and Maintenance, Federal Lands Highway Program, and Historic Preservation Fund State Grants. Information on the distribution of funds in those programs is outlined on the next page. There are separate sections on General Management Plans and the Trails Management Program.

PROGRAMS NOT INCLUDED IN PARK BASE:

GENERAL MANAGEMENT PLANS (See GMP section for further information)

<u>Park Area</u>	<u>Type of Project</u>
Little Rock Central High Sch NHS	Ongoing Project
Pea Ridge NMP	Ongoing Project

LAND ACQUISITION (see attached)

<u>Park Area</u>	<u>Remarks</u>	<u>Funds</u>
Fort Smith NHS	1 acre	\$850

CONSTRUCTION: LINE ITEM CONSTRUCTION (see attached)

<u>Park Area</u>	<u>Type of Project</u>	<u>Funds</u>
Hot Springs NP	Remove lead paint, stabilize/rehab bathhouses	\$17,236

PROPOSED FEDERAL LANDS HIGHWAY PROGRAM

<u>Park Area</u>	<u>Project Title</u>	<u>Funds</u>
Buffalo NR	Rehab Buffalo Point River Access Road	\$450

HISTORIC PRESERVATION FUND: STATE GRANTS

State apportionment: \$741

STATE CONSERVATION GRANTS

Proposed state apportionment: \$6,041

Land Acquisition and State Assistance/Federal Land Acquisition

Fiscal Year 2002 National Park Service Federal Land Acquisition Program

Program or Park Area: Fort Smith National Historic Site

National Park Service Land Acquisition Priority (FY 2002): Priority No. 37

Location: On the border of Arkansas and Oklahoma

States/Counties/Congressional Districts:

State of Arkansas/Sebastian County/Congressional District No.3

State of Oklahoma/Sequoyah County/Congressional District No.2

Land Acquisition Limitation Amount Remaining: \$358,012

Cost Detail:

Date	Acres	Total Amount
FY 2002 Request	1	\$850,000
Future Funding Need	29	\$1,150,000

The total amount includes the cost of title, appraisal, environmental site assessment, acquisition, and relocation assistance.

Improvements: Commercial structures.

Description: The Act of September 13, 1964, authorized establishment of Fort Smith National Historic Site.

Natural/Cultural Resources Associated with Proposal: This was one of the first United States military posts in the Louisiana Territory and served as a base of operations for enforcing Federal Indian policy from 1817 to 1896. The national historic site contains the remains of two frontier military forts and a Federal court.

Threat: Acquisition and provision of safe parking facilities for the national historic site are a high priority.

Need: Funds in the amount of \$850,000 are needed in fiscal year 2002 to acquire a 1.12-acre tract containing the historic Frisco Railroad Station and an adjoining parking lot. The owners have indicated a willingness to sell the property in a manner that best benefits the local community. Acquisition would benefit the national historic site by providing needed parking spaces and office space within the existing building.

Interaction with Landowners and Partners: In contacts with the Service, the owners have indicated a willingness to sell the property in a manner that best benefits the local community. The city of Fort Smith, the Chamber of Commerce, and the Advertising and Promotion Commission have expressed their desire for Federal acquisition.

Construction and Major Maintenance/Line Item Construction and Maintenance

National Park Service PROJECT DATA SHEET		Priority: 19	
		Planned Funding Year: 2002	
		Funding Source: Line Item Construction	
Project Title: Remove Lead Paint, Stabilize, and Rehabilitate Bathhouses for Adaptive Use			
Project No: HOSP 150		Park Name: Hot Springs National Park	
Region: Midwest		Congressional District: 04	State: Arkansas
Project Description: Bathhouse Row is a collection of eight historic bathhouse structures, located in a National Historic Landmark District. They range in size from 12,000 square feet to over 28,000 square feet. Six of the bathhouses have been closed for several years and are in deteriorated conditions from inadequate care, high humidity in the buildings, no climatic controls, and no rehabilitative work. The presence of lead paint restricts the amount and quality of maintenance work being performed. Work proposed includes several phases to remove hazardous lead-based paint from the interior and exteriors of three bathhouses, rehabilitate roofs of two bathhouses, remove deteriorated plaster from walls and ceilings of six bathhouses, and replaster and repaint, stabilize foundations and regrade landscape to prevent water penetration, patch/repair concrete floors, repair exterior stucco finish. Rehabilitate/replace windows and doors in six bathhouses, install elevators, rehabilitate staircases, rehabilitate electrical systems, plumbing, and HVAC systems. Install four intrusion/fire alarm systems. Repair/replace skylights in four bathhouses. Paint interiors in six bathhouses and exteriors of four bathhouses.			
Project Justification: One bathhouse, the Buckstaff, has remained open under a concession contract and the Fordyce Bathhouse has been rehabilitated and adapted for use as the park's visitor center and museum. This project would continue work that has previously been done which includes roof rehabilitation on the Superior, Hale, Quapaw, Ozark, and partial rehab of the Maurice roof. Lead paint has been abated from the Superior, Hale, and the Quapaw. The Superior and Hale have had exterior stabilization and their lobby areas restored. Exterior stabilization of the Quapaw is currently being addressed. Visitors on Bathhouse Row cannot be allowed access to the bathhouses. Until the structures are rehabilitated, this restriction must remain in effect.
